PROJECT REVIEW

1. DRAVECK GARAGE (SEAF) 27-SP-16
1437 Falmouth Lane

Applicant is requesting approval for the construction of a 1,926 square foot accessory garage adjacent to the existing home. The garage is approximately 25 feet in height. The architecture will be similar to the existing house.

The Conservation Board notes that soils on the site are highly erodible. The applicant should take appropriate steps to control soil erosion.

The Conservation Board notes that the applicant does not intend to remove any trees.

There are no other comments based on the data presented to the Board.

2. Bruce Zaretsky, Town of Victor Landscape Consultant, will present and discuss the updated Town of Victor Plant Manual.

The Board discussed the document. The Board would like to add educational material. The native plant list should be expanded. Bruce appreciated the discussion. Kate offered to mark up the document and send back. This work will be done in September/October.

ANNOUNCEMENTS

Katie Evans provided an update on the Main Street Fishers site. The last Planning Board was well attended; the residents provided significant input regarding the number of cars and the need to meet dark sky requirements.

She provided an update on activity in Planning & Building. She also provided an update on open positions, work priorities and next steps with Comprehensive Planning for the Town.
