Supervisor Marren stated that he felt that the Board members would best serve as liaison for certain committees, for example, Councilman Condon for the Boughton Park Committee being he was very well received and hopefully to help get Farmington on board as well. The Comprehensive Plan with the idea that both families Councilman Condon and Councilman Guinan have been land owners for a long time in Victor and with relationship to the plan whether or not we move forward in a transfer of developmental rights or not. Both would be ideal to support internal staff with the Comprehensive Plan. Supervisor Marren touched on the Fishers Fire District Liaison stating there is a meeting next week to talk about potential voting, a change with Maureen Bills stepping down. Originally Gaylen Powers was going to be the new Commissioner and then he resigned and at the next meeting Bob Johnson will take his spot. Highway Facility and Capital Project moving forward the first meeting in February there will be a presentation from LaBella on this.

Councilman Condon strongly suggested to the Board to add themselves to the email chain to all the committees. It is a great way to stay in tune with what is going on and get to know the individuals on the committees, also to give input. Supervisor Marren will have Suzy send out the contact information for the Town Board members who will be representing each committee. Councilman Kahovec also chimed in stating he felt from a learning curve perspective, it will bring everyone up to speed much faster.

Supervisor Marren reiterated to the Board Members as clarification that when speaking at committee meetings, it is the perception that we are speaking on behalf of all 5 board members. There may be times if the Board has not had a chance to vet everything out, each member should speak for themselves and not as the unified Board.

The next Fire meeting will be held on January 16th at 6:30 PM, 381 High St. and in February it will be on the 20th.

REPORTS SUBMITTED

Supervisor
Town Clerk
Highway
Parks and Recreation
Historian
Victor Fire Department

Councilman Tantillo requested Brian Emelson and Mark Years to create a column in their report to show cost and revenues for both the transfer station and Recreation portion of Parks. Any cost associated with running the operations which would be both the direct and indirect labor, do not include labor associated with Parks, Trails, or cemeteries. Brian asked the window, the board thought once a month would be good.

As a follow-up from the last board meeting, Brian, Barb, and Supervisor Marren met to discuss the apportionment of the liability insurance waivers for the Parks and Recreations Programs. It is a work in progress with more to come, especially considering whether it is in house or on another parcel. Brian will get back to Supervisor Marren and Barb with a few options and then report to the board.

Supervisor Marren reviewed that a letter will be sent to all Boards and Committees regarding liaisons contact information and if a Councilman's attendance is requested at a meeting communication would need to be made in advance.

Supervisor Marren reiterated once more the importance to the Board Members that when speaking at committee meetings, it is the perception that we are speaking on behalf of all five board members. There may be times that the Board has not had a chance to vet everything out, so in that case each member should speak for themselves and not speak on behalf of all the Board Members.
