SUPERVISOR

Supervisor Marren distributed information in a submitted report to Town Board members, and discussed the following items:

- Supervisor Marren and Chief McAdoo met with two Fishers Fire Department Commissioners and gave a vision of fire protection in our town.
- Also mentioned was the event at the school on Addition 101, and the Ontario County Department of Health was there to administer narcan training.
- Mobile Graphics celebrated their 20 Year Anniversary on Lane Road. Farmington Victor Ambulance is looking at changing members going from 7 to 9 members on their board.
- Sewer Easements that will be needed for the future Highway Project and application to DEC was signed to disturb several state wetlands as we move forward.
- Discussed with the board a letter about a disputed sewer bill late fee. Decision was to remain as is.

Councilman Tantillo thanked Mark Years, Brian Emelson, and Barb Cole for putting together the revenue expenditures in their reports as asked previously by the board. He also commented on how much revenue the Parks and Recreation Department raises.

Transfer Station discussion:

Councilman Kahovec spoke about the transfer station and at present there have been 51 punch cards.

The general feedback from residents and workers is to have no expiration date on the punch cards and use them until they are gone.

Councilman Condon also agreed, said he had taken several calls on this.

Currently it is a 5 punch card with a one year expiration, there was much discussion on this and it is still a work in progress.

Councilman Tantillo expressed his concern on the no expiration date.

Councilman Guinan added his thoughts on a modification or a one-time fee for disposing of one item. He also commented on what a good job the guys at the transfer station are doing with this process, noting that at times they do have to deal with some irritated residents.

Supervisor Marren thanked the board for their feedback and noted that any changes will have to go through a Public Hearing due to it being a change in Local Law. He will set a Public Hearing for the next Town Board meeting. The majority seems to state they do not want an expiration date on the punch cards.

Councilman Kahovec asked Mark Years to check with his guys at the transfer station to get their feedback on the punch card no expiration date.

LOCAL LAW NO. 2018 TO AMEND THE TOWN OF VICTOR EMPLOYEE RECOGNITION PROGRAM

Public Hearing was opened at 7:34 PM.

Legal Notice was read into the record by the Town Clerk.

Supervisor Marren called for Public comments. None

Board Members:

Councilman Kahovec brought up some concern about the safety items on the recognition program. The Board discussed these events for obtaining points and took out attendance at safety meetings and mandatory training. Also clarified with identifying and reporting a safety issue, instead of points being rewarded to the whole department, they will go to the individual who identifies the issues.

Scott Hopkins was also in attendance and gave some feedback on the rewarding of employees for identifying issues. He also stated that employees should be rewarded for volunteering to be on safety committees and it was pointed out that it is already in the program for all committees.

Councilman Condon stated that he is in favor of the award program and commented on the wellness program being a benefit to all employees.

Public Hearing held open until next board meeting.
