

Leisure Lines from the Director of Parks and Recreation...

Raise your hand if you are ready for spring...by the time this note reaches you perhaps it has already sprung? The Department is in the midst of several notable parks and trails projects this season. In accord with the master plan for Victor Municipal Park, we will be constructing a bandstand for community events at the facility. We are also pleased to tell you that this past year, the park received the "Outstanding New Facility Award" from the Genesee Valley Recreation and Parks Society! The future Dorothy and Sid Partington Memorial Bandstand will surely add to that park's community appeal and give us a permanent home for our summer concerts and special events.

As we enter the final year of our Auburn Trail project, trail enthusiasts can look for historically themed mile markers, inviting wayfinding and interpretive signs, trailside benches and a kiosk. I wish to thank the members of my team that helped bring this project to a reality including Jeff Rader, Jim Mansfield and the members of our parks crew, Dave Wright and the members of Victor Hiking Trails and Bruce Hayward and the members of Genesee Regional Off-Road Cyclists who were members of our Project Advisory Team. I would especially like to thank the Victor Town Board and our lead consultant team of Christopher Smith and Steve Wilkinson of Fisher Associates. I would be remiss if I didn't recognize the property owner, Rochester, Gas and Electric, for their support for the past decade as we constructed this community valued trail system!

Lastly, many of you completed recreation surveys related to suggested improvements to our popular certified summer day camp program. In this brochure you will note many of your recommendations being put into action – you spoke and we are responding! Thanks for your continued loyalty and we look forward to a summer full of fun and adventures in recreation.

We encourage you to make the most of your leisure time this season and we look forward to seeing you at a recreation program, special event or in our parks!

Sincerely,
Brian C. Emelson, CPRP, Director of Parks and Recreation

HORSEBACK RIDING

The Phelan Training Stable program introduces riders of all abilities to the challenges and responsibilities of taking care of horses under the supervision of a qualified instructor and assistants. Our program provides a balance between mounted instruction, talks and demonstrations. Each participant will receive a riding lesson every session. Riding instruction will be geared toward each individual's needs. Students will also learn many aspects of horse care, including grooming, feeding, anatomy and much more. The overall priorities of the Phelan Training Stable riding program are safety, fun and skill advancement. Horses can help us accomplish many of our goals: self-confidence, leadership, respect, responsibility, and compassion. Horses also provide excitement, freedom, adventure and friendship. Our stable offers a very engaging and effective experience for growth and learning. For more information call Scot at 585-657-6952 or visit their website at www.phelantrainingstable.com
